

Biomedical Engineering Wing — Desk and Office Allocation

Facilities Administration · Internal circulation only · September 2026

The following desk and office assignments apply to staff based in the Biomedical Engineering Wing following the Q3 furniture reallocation. Staff should direct any seating change requests to Facilities Administration rather than to the Biomedical Engineering department head.

Desk / Office	Assigned staff	Section	Notes
BE-01	T. Wanjiru	Workshop Supervisor	Adjacent to spares store
BE-02	S. Mutiso	Calibration Bench	Shared with BE-03 on alternating shifts
BE-03	P. Achieng	Calibration Bench	Shared with BE-02 on alternating shifts
BE-04	Vacant	General Workshop	Pending recruitment
BE-05	R. Kiptoo	Documentation & Records	Relocated from Admin Block, August
Office 12	Department Head (rotating)	Administration	Shared office, sign-up sheet on door
Store Room 2	n/a	Spares Storage	Access via BE-01

Parking bay reassignments and the revised cafeteria rotation for the Biomedical Engineering and Facilities wings will be circulated separately by Facilities Administration in early October. This notice does not affect equipment maintenance schedules, work order routing, or biomedical engineering service coverage.
